Regarding the Offering

This offering of twenty-nine lots of Shorthorns has been carefully selected from one of the most famous Shorthorn herds in America. No animal has been included that does not measure up to most rigid standards of modern type and highest quality.

The seven young bulls, six sired by Browndale Hero and one by Browndale Pride, are of serviceable age and can be recommended highly. The female consignment is one of which any breeder can take just pride in offering to the public.

Full particulars are included in this catalog. Study it carefully and plan to be the guest of Merryvale Farm, on Thursday morning, May 15th, at 9:30 A. M. We know you will recall this trip as one of the most pleasant and most profitable of any you have ever taken.

CLINTON K. TOMSON,
Sale Manager.

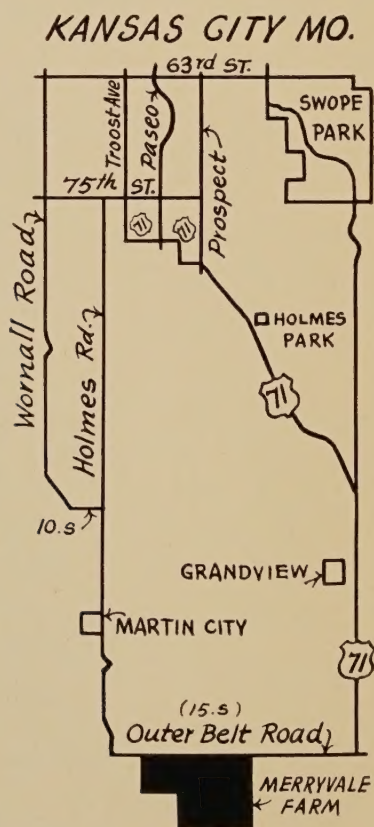

How to get to . . .

MERRYVALE FARM

Merryvale Farm is located on 15-S Outer Belt Road, one mile south and one mile east of Martin City, Missouri. It is one and one-half miles south and one mile west of Grandview, Missouri. Or from the Grandview Spur on U. S. 71 Highway, it is three miles south to 15-S, then two miles west to farm.

Those coming from Kansas City should travel south on Holmes Street to Martin City. Then one mile south and one mile east.

Lunch will be served immediately following our sale.

A Cordial Invitation...

The Merryvale Shorthorn herd was started in 1914, or almost 27 years ago. The first herd bull purchased was Anoka Omega.

Ever since that time Merryvale has been a leading producer of especially good Shorthorn cattle. You will find many outstanding Merryvale females and herd bulls on many of the good Shorthorn farms of America. Since the purchase of Merryvale Farm and the entire breeding herd of Shorthorns last fall it has been our intention to inaugurate a program of outstanding annual Merryvale sales. It is a pleasure to extend to friends of good Shorthorns everywhere a sincere invitation to attend our sale on May 15 at 9:30 A. M.

This catalog contains accurate and informative descriptions of each lot in the sale. We have not tried to praise them above their genuine merit and pledge that these animals will sell as represented.

We do however want to impress upon you that because this will be our first sale, that Mr. Milne and myself have tried to include in this sale what we think are as fine a lot of females and bulls as can be found in any Shorthorn herd. I feel sure that when you see the Shorthorns we are offering you will agree with us.

★ The management of the Merryvale herd
★ during the past dozen years has given me
★ the opportunity to become thoroughly familiar
★ with every animal in the breeding herd. It
is my honest opinion that the two greatest
sires ever used in this herd are now in service,
namely Browndale Hero and Millhills Senator.

Apparently, we have found a breeding combination that is "clicking" perfectly. You have only to see the calves sired by Millhills Senator out of dams sired by Browndale Hero to agree with this statement.

In order to make this Merryvale offering especially attractive, we have included many outstanding daughters of Browndale Hero carrying the service of Millhills Senator. You will want to own one or more of these good females.

MERRYVALE VIOLET MIST—There will be few opportunities on the Spring sale circuit to procure as valuable a combination as we offer in this pair. This snappy little bull calf dropped Jan. 19, 1941 is a son of Millhills Senator. Our highest recommendation goes with this good producing matron and her first son.

MILLHILLS SENATOR

You can have calves like this if you buy some of our bred females carrying the service of MILLHILLS SENATOR.

GROUP UNIFORMITY ATTAINED BY A DEFINITE BREEDING PROGRAM

Merryvale Shorthorns have benefited by a planned program of improvement, based upon the use of outstanding sires.

We offer as substantiation, the illustration on the opposite page, showing a group of young calves sired by Millhills Senator out of daughters of Browndale Hero. Such uniformity can only result from constructive breeding.

The Merryvale Farmstead from across the lake. Shorthorns add to the natural beauty of this historic farm with its spring-fed lakes and abundance of luxurious blue grass.
